

1. FEEDBACK FORM

We are seeking feedback on our proposals for our preferred option - the new converter station at Daedalus Airfield and onshore and offshore cables. Please share your thoughts on the plans with us by completing a feedback form.

This is the final stage of pre-application consultation on IFA2, and will run from 16 March 2016 to 16 April 2016. Once we have considered responses we will submit an outline planning application to Fareham Borough Council and a Marine License Application to the MMO. A summary and analysis of all comments will be included with our applications to the Council and the MMO.

If you would like to be kept updated, please leave your contact details in space provided.

Converter Building Appearance	We are considering a number of options for the cladding appearance and colour of the converter station. Please rank each of the options based on your own preference					
Description of Option	1	2	3	4	5	6
	Colour Banding Blue/Grey colour scheme	Solid Colour Blue/Grey colour scheme	Colour banding with soft transition Blue/Grey colour scheme	Colour Banding Green/Grey colour scheme	Solid Colour Green/Grey colour scheme	Colour banding with soft transition Green/Grey colour scheme
RANK (from 1-6) 1. Most Like 6. Least Like						
Other Comments on Converter Building Appearance						

Landscaping	<p>We are considering options for landscaping in the area of the converter station. Our preference is to create some mounding of earthworks around the converter building combined with tree planting to soften the visual impact. Please rank each of the options based on your preference</p>		
Description of Option	1	2	3
	Converter Buildings only (Proposal upon completion)	Proposal upon completion with mounding	Proposal upon completion with mounding and planting
Rank (from 1-3) 1. Most Like 3. Least Like			
Should our proposals consider additional planting in the open space to further mitigate the visual impact?	Yes (Please Tick)		No (Please Tick)
Other comments on Landscaping			

Any other comments	Do you have any further comments?
